

# DOMINION

## Guidelines and information for hosting an independent screening

### **Approval**

Independent screenings no longer require explicit approval from the filmmakers. Approval is granted implicitly for screenings hosted by individuals or organisations who share the values of the filmmakers and intend to host the screening as a means of furthering the cause of animal rights.

### **Licence fee**

There is no licence fee.

### **Fundraising**

You are welcome to use your screening as a fundraiser for your own non-profit organisation, through ticket sales, food sales, raffles, donations, etc. If you would like to fundraise for our organisation Farm Transparency Project or towards further promotion of the film, we would very happily accept this. We would also appreciate it if you could mention our fundraising initiative, the [Dominion Movement Action Team](#). A suggested announcement at the end of the film and/or for posting on your event page:

*For those people who would like to support Farm Transparency Project in continuing their work exposing animal cruelty you can now donate monthly, by joining the Dominion Movement Action Team. Action team members receive exclusive t-shirts and hoodies as well as discounts to over 100 vegan business across Australia. Visit [join.dominionmovement.com](http://join.dominionmovement.com) now to support the makers of the film.*

### **Tickets**

We recommend [www.eventbrite.com](http://www.eventbrite.com) for selling tickets, or for registration of free tickets (though you can use whichever system/website you prefer). Create an event page and set your own ticket prices/options. We'd also suggest creating a Facebook event page.

### **Promotions**

Posters are available on the 'Host a Screening' page.

Please let us know if and when you would like us to share your event on our social media pages – we can't guarantee that we'll be able to but will do our best.

### **Access film**

The film can be downloaded in a variety of formats from [www.dominionmovement.com/download](http://www.dominionmovement.com/download). If you need a particular format added please let us know via email ([contact@farmtransparency.org](mailto:contact@farmtransparency.org)). To minimise costs and administration we would prefer not to post physical copies but if you do need us to do so, please let us know.

### **Film rating**

The film has received a classification in Australia of MA15+ (persons under 15 years old must be accompanied by a parent or guardian).

### **Duration**

The film's duration is 2 hours (120 minutes).

### **Venues**

You will need to find a suitable venue for your screening (for example, a cinema or theatre that offers private hire, a university lecture theatre, etc). We are unable to assist with any venue costs – we recommend selling tickets at a price that would at least cover the hire cost of the venue.

### **Photos of your event**

If possible, we'd love for you to take some photos at your event for us to share on our social media pages.

### **Subtitles**

A number of subtitles are now available for download at [www.dominionmovement.com/subtitles](http://www.dominionmovement.com/subtitles). If you would like to offer translation into a particular language please email us ([contact@farmtransparency.org](mailto:contact@farmtransparency.org)).

### **Technical details**

The film's native format is PAL (25fps). A 24fps version is available on request. DVDs and Blu-Rays are 24fps NTSC, and region-free, allowing them to be played in all devices around the world.

### **Attendance of filmmakers**

Unfortunately in most cases we will not be able to attend independent screenings.

### **Questions or concerns**

Please email us: [contact@farmtransparency.org](mailto:contact@farmtransparency.org)
